

— THE PROBLEM

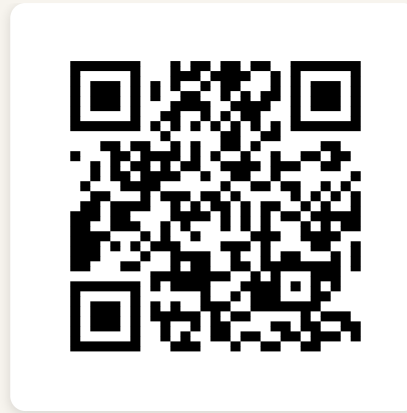

Fees arrive late, and students leave quietly.

- Queues at the bursary window and receipts written by hand.
- Students drop out over money before anyone notices.
- Alumni lose touch, and scholarship funds run dry.

With Oxonia Advance

Oxonia Advance bills students, offers payment plans, reminds families every week, spots students at risk of leaving over money and matches them to support.

- AI-enabled. A person approves every official record.

— HOW IT WORKS

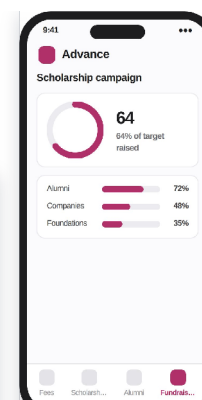

Students matched to scholarships

- 1 Bills and payment plans**
Plans of up to twelve instalments, with a live Bursar view of what is paid and overdue.
- 2 Weekly reminders**
Every Monday, overdue students are reminded, and so are their guardians and sponsors.
- 3 Pay from a phone**
In Wallet, by card or bank transfer, through your university's own payment account; the receipt arrives straight away.
- 4 Spot risk early**
Students at risk of leaving over money, with a transparent score and the reasons shown.
- 5 Match to support**
Scholarship and hardship funds matched by their criteria; awards paid onto the fee account.

— WHAT IT MEANS FOR YOUR UNIVERSITY

- Saves time**
 - Reminders go out every week without anyone sending them.
 - Receipts are issued and emailed straight away.
- Saves money**
 - Fewer queues and manual receipts at the bursary window.
- Helps generate income**
 - Fees collected sooner, with plans, reminders and card payments.
 - Students kept, by matching them to support before they leave.
 - Alumni campaigns and gifts that fund scholarships.

— QUESTIONS UNIVERSITIES ASK

How do students pay?

By card or bank transfer in Wallet. Card payments go through your university's own payment account, and the receipt is issued at once.

Is the risk score a black box?

No. It is a transparent score from 0 to 100, with the reasons shown.

Can we bring in existing payment records?

Yes. Payment reports from Remita and Paystack are imported, with the columns mapped for you.

Who owns our data, and is it safe?

Your records belong to your university. Each university's data is kept separate and every access is written to your audit log. We don't use your content to train AI models, and our AI providers work under business terms that don't allow training on it. Oxonia is built for Nigeria's Data Protection Act and the UK GDPR, and you can export everything.

How do we get started, and is there training?

People are invited once with their Oxonia Academy ID. Your records come in by import, staff and students get short lessons with certificates, even on WhatsApp, and our team plans the go-live with you.

— WORKS WITH THE REST OF OXONIA

One Oxonia Academy ID signs everyone in to every product your university gives them, and a launcher shows each person the products they may open.

Oxonia Wallet

Fees and support on the student's phone.

Oxonia Compass
